

# Geometry Course Evaluation

1

My thoughts on the daily homework assignments and how they were grades are....

2

I felt we spend too much time in this course doing:

3

I felt we spend too little time in this course doing:

4

The most important thing I learned in this course is....

5

Mr. Anderson could have helped me learn better by....

6

I could have helped myself learn better by....

7

If my friend told me that he/she was going to be in Geometry next semester I would tell them that they should do the following things in order to be a successful student... (at least a couple of examples please!)

8

On a scale of 1-4 rate the difficulty of this course

- 1 (too easy)
- 2 (easy)
- 3 (difficult)
- 4 (very difficult)

9

I would also like Mr. Anderson to know....
